KyOPA Logo Selected

KyOPA's logo (shown above) was selected by a mail vote of the membership and announced at the 1996 Annual Meeting. It was decided that the full logo would be used as the logo was introduced, and then the full name of the organization would be dropped on internal uses but retained for external uses. The winning design was submitted by Tonya Creasman. The logo committee (Pamela Schenian, Jon Kerr, Ann Bader) completed its task with the selection of the logo.

Schenian and Bader of the committee formerly known as logo are now bandying about the idea of KyOPA t-shirts, caps, etc., with the net proceeds to go to KyOPA. If anyone has any ideas, please call them.

January 20, 1996, Annual Meeting
Minutes by Bill Sharp,
Secretary/Treasurer

The meeting, held at the University of Kentucky Student Center, Lexington, was opened at 10:00 a.m. on January 20, 1996, by President Teresa Tune. Members then paid dues for 1996. Bill Sharp, Sec./Treas., presented the treasurer's report, which was approved (motion by Phil DiBlasi, second by Kim McBride). Sharp reported funds of \$1757.96, with \$259.43 in a checking account and the remainder in savings. Tom Sussenbach moved for approval of the minutes of the last annual meeting, which were published in the April

KyOPA newsletter (Vol. 2 No. 2). Dick Jefferies seconded, and the membership approved. The meeting date for the 1997 annual meeting was tentatively set for January 25, 1997. Committee and activities reports followed.

Logo Committee. Pamela Schenian, chair of the logo committee, presented the winning official KyOPA logo. The logo will be published in the upcoming newsletter. There was discussion of establishing set months for newsletter publication, however, the consensus was to retain the current flexibility with newsletters published in the spring and fall.

Nominating Committee. A new nominating committee was appointed that consists of Mary Powell as chair, and Phil DiBlasi and Nancy O'Malley as members.

Membership Committee. The secretary (Sharp) was appointed the chair of the Membership Committee. Tune appointed Steve Creasman and Steve McBride to the Membership Committee.

Activities Committee. Nancy O'Malley was appointed chair of the 1996 Activities Committee. She indicated that she would establish a weekend or perhaps two weekends in late spring that KyOPA members might participate as a group during her investigations at the Hugh McGary Station in Mercer County.

Elections. Written ballots for three Board positions (formerly held by Phil DiBlasi, Patty Jo Watson,

and Kit Wesler) were distributed to the voting membership. The ballots were Pamela Schenian vs. Anne Bader, Nancy Ross-Stallings vs. Steve Creasman, and Kris Gremillion vs. Trip Smith. Marked ballots were then collected. A coffee break was held, during which Sec./Treas. Sharp and K. McBride tabulated the ballots. The new Board Members are: Schenian, Ross-Stallings, and Gremillion. Cecil Ison and Kellie Carmean continue to serve on the Board of Directors.

Prospective New Member Presentations. The next item of business was new membership applications. These were for: 1) at the Associate Member level -- Lyman Armstrong III, Michael Richmond, Derek M. Wingfield, Heather M. Wingfield (all sponsored by Jon Kerr); and 2) at the Full Member level -- Andrew Bradbury, Kurt Fiegel, Anna Gray, Dr. Dorothy Humpf, Dr. Henry McKelway, David Rotenstein, Sara Sanders, Vince Versluis, and Jeffery Watts-Roy. Having considered the vitae prior to the meeting, the Board of Directors recommended all of the applicants be accepted and the entire membership voted approval. New members who paid dues were: D. Wingfield, H. Wingfield, Gray, Humpf, Sanders, and Versluis. Approved applicants who did not pay dues at the meeting need to submit dues if they wish to join.

Proposed Bylaw Changes Discussion. The next item of business was bylaw changes proposed by the Bylaw Committee. Pres. Tune brought to the attention of the membership that the future of the organization depended on clearly identifying the purposes for which the organization was established. She stated that she believed the most important function of the professional organization was to facilitate communication, both within the professional community, and between professional archaeolo-

gists and the general public. Under purposes (Article II) of the bylaws, Sharp indicated that the use of the word "require" in section (c) seemed inappropriate. After some discussion, K. McBride made a motion to change the word require to support in Article II(c) and strike Article II(e) and II(f). O'Malley seconded, the motion was voted on and carried unanimously.

President Tune then suggested that the membership consider the proposed changes in the order presented by the Bylaws Committee except for items 4) and 5), which we could discuss last and perhaps vote on by mail, because she felt these might be the most controversial issues. The letter to KyOPA Board Members from the Chair of the Bylaws Committee was passed out to the membership at the beginning of the meeting.

Changes 1) and 2), respectively concerning changing the word "bylaw" to "bylaw" and the removal of gender specific language from the document, were briefly discussed. Ison made a motion to accept changes 1) and 2), which was seconded by Jefferies. The motion carried unanimously.

Change 3) concerned the 15 day deadline in 3.03 of the bylaws rather than the usual 30 day deadline. There was some discussion on this change with a consensus that the change needed to be considered further. Ison made a motion to table the proposed change, which was seconded by David Pollack. This motion was voted on by the membership and carried unanimously.

Change 6) concerned the termination of membership specifically related to payment of dues. The desire was to change the word "termination" to "lapse", which is in reality what has generally taken

place, with the member automatically reinstated when the dues are paid. There was much discussion on this change. Kerr finally made a motion that we change "terminate" to "lapse" in 2.11 and add that any lapsed member will receive two notifications, and only after 30 days from the second notification will the member be terminated. The motion was seconded by Carmean and carried unanimously by the membership vote.

Change 7) concerned deleting the words in 4.06 first sentence "verbally, by mail, or by telegram" and third sentence "by telegram". Motion made by Creasman, seconded by DiBlasi, carried unanimously.

After discussing change 8), which concerned interim replacement of officers or Board Members in Sections 4.08 and 5.06, Sussenbach pointed out that this proposed change was covered in 12.04, and made a motion to strike the change. This was seconded by Schenian and the motion carried by the membership.

Change 9) concerned a conflict of election procedures outlined in 3.07 and 5.03. A motion to change 5.03 to "membership shall elect the officers by ballot" was made by Schenian, seconded by DiBlasi, and carried unanimously by the membership vote.

Change 10) concerned changing "meeting" to "vote" in 12.01. After discussion, Sussenbach made a motion to strike this change. The motion was seconded by Pollack and the motion was carried by a vote of the membership.

Change 11) concerned the resignation of officers, who would be notified, etc. After some discussion, Ison made a motion to accept the change, which was seconded by Creasman, and approved by the membership.

Change 12) involved the use of the word "Membership" and "membership" in the bylaws. After discussion, Creasman made a motion that the bylaw committee make the changes suggested and any other minor details in the bylaws that might be internally inconsistent. The motion was seconded by Ison and carried unanimously by the membership vote.

Returning to Change 4), which concerned the mechanism for inducting new members, a general discussion indicated that while all agreed there was somewhat of a problem with having to present new members for a confirmation vote by the entire membership, the alternative (mail vote) would be extremely burdensome for the secretary/treasurer and motion was made by DiBlasi to strike the change. This was seconded by Sussenbach and carried by the membership vote.

Change 5) concerned the status of Associate Members. This initiated a general discussion in which nearly everyone expressed an opinion. All supported giving Associate Members voting rights in the organization (DiBlasi, K. McBride, Creasman) and many supported letting Associate Members hold office. There was a general consensus that Associate Members should not be allowed to be Board Members; although Ison and S. McBride pointed out that with the vote, Associate Members could, in the future, initiate changes to the bylaws which would allow them to serve on the Board. It was also brought up that all Associate Members had to have a sponsor who was a Full Member of the organization, and that Full Members should not sponsor individuals who were untrustworthy. Steve Mocas, one of only two Associate Members (Mocas and Evans) present at the meeting, brought up the situation of the GE mound and its divisive effect on the Indiana professional organization. In the end,

Ison made a motion that Associate Members be granted full voting privileges and be permitted to serve as officers but not as Board Members. This motion was seconded by DiBlasi and the membership passed the motion unanimously.

Creasman moved that KyOPA make the dues uniform (\$10.00) for both Full and Associate Members. The motion was seconded by Powell and carried unanimously.

This completed the proposed bylaw changes. Schenian announced that the Bylaws Committee (consisting of Schenian, K. McBride, Jefferies, and Tune) would meet at the KHC conference.

New Business. Report on KAS activities by K. McBride. Discussion of Indemnity Clauses for KyOPA bylaws by DiBlasi who is currently involved in the development of such a clause for the Cave Research Foundation. K. McBride thanked KyOPA for helping to sponsor a workshop at the SHA conference. Sussenbach asked about what, if anything, was happening with the KyOPA radiocarbon fund. DiBlasi mentioned Cave Research Foundation grants. Schenian stated that she is interested in handouts, posters, etc., especially for military sites.

Adjournment. Powell made a motion to adjourn. Seconded by Ison. Approved by the membership. Meeting adjourned 4:00 p.m.

Board Meeting Notes

The February 10, 1996, Board Meeting was called to order at 10:30 a.m. Present: Terry Tune (Pres.), Mary Powell (V-Pres.), Bill Sharp (Sec/Treas), and Board members Kris Gremillion, Cecil Ison, Nancy Ross-

Stallings, Pamela Schenian, Kelli Carmean. Absent: none.

KyOPA Purposes. The Board discussed the minutes of the Annual Meeting, the historical development of KyOPA, and the bylaws changes made at the Annual Meeting. The Board then discussed the purposes of KyOPA regarding public outreach and education suggesting: 1) writing letters to editors in reaction to archaeology or looting articles; 2) approaching Gwynn Henderson with an offer of KyOPA helping with the Archaeology Network for Teachers; 3) having booths at the State Fair or at community fairs; 4) having a KyOPA Officer or Director attend the forum "Should Kids Dig?" at the SAA's; and 5) writing a publication on Kentucky prehistory and history designed for the public that would include the locations of archaeological sites open to the public. An Education Outreach Committee was formed -- Powell is chair, Carmean is a member, and Gwynn Henderson is to be approached to be a non-Board member.

The Board then discussed the possibility of drafting legislation to require permits for all archaeology projects, even on private land, and the fact that few legislators will support any legislation putting restrictions on private property. It was decided that no action would be taken at this time.

Research Funding. The Board approved funding of Bill Lawrence's request for funds for one radiocarbon date from a trash pit eroding from a Mississippian structure at 15Hil (Schenian and Trip Smith had provided verbal references for Lawrence). Lawrence will be required to apply for KyOPA membership as a condition of his funding. This was the first request for funds ever received by KyOPA. After discussion, the Board changed the "Radiocarbon

Fund" to the "Research Fund" for small grants with a \$250 ceiling maximum. Grantees will be required to give a public format report (written or oral). Only KyOPA members (Full or Associate) can apply. Kris agreed to chair the Research Fund Committee, Nancy will be a committee member, and a non-Board committee member will be selected later. The committee was formed to create a standardized application form and instructions for future applications.

New Business. The Board checked into a mailbox service to establish a permanent address for KyOPA, and decided it was too expensive at this time. Powell offered her address as KyOPA's permanent address for now, and this was accepted. Schenian offered to check into a KyOPA weekend at Fort Knox, which will be both an activity and a meeting. She will aim for Sept. 21 if Fort Knox agrees. The Board decided prospective members (people who have submitted application materials) will be added to the mailing list for the duration of the time until they be are voted upon by the membership. KyOPA documents will be archived at the University of Kentucky Museum of Anthropology.

Adjournment. Meeting adjourned 3:00 p.m.

McGary's Station Dig

Nancy O'Malley will be conducting continued excavations at McGary's Station in Mercer County April 8-12 (M-F, weather permitting) and the weekend of April 20-21 (Saturday and/or Sunday, weather and interest permitting). She is seeking volunteer excavators. The site is a pioneer station established by Hugh McGary in 1779 and abandoned in 1788. The cultural deposits are

mostly in plowzone, with potential for subplowzone features.

Since most folks cannot take time off during the week, the weekend dig was planned to give professional archaeologists the opportunity to participate. The earlier excavation will be done mostly by local students and others from the Mercer County community so the need for excavators is not so critical that week. However, professionals are welcome to come that week if they wish. The weekend dig may last only one day if most people express an interest in one day over another. Nancy's voice number is (606) 257-8208 or 257-1944; FAX, (606) 323-1968; home phone, (606) 987-5226. If you are interested in volunteering, please contact Nancy as soon as possible.

KyOPA Research Grants

The newly established Research Funds Committee invites applications for grants to support research that will make a significant contribution to Kentucky archaeology. Committee members are Kris Gremillion (Chair), Nancy Ross-Stallings, and Steve Mocas. Guidelines are as follows:

- * All KyOPA members are eligible.
- * Maximum amount per grant is \$250.
- * Recipients must report on the project results to a predominantly nonprofessional audience.
- * Funds may be used to pay for necessary supplies and/or services (excluding travel) for which funding is otherwise unavailable.

Applications may be submitted at any time. For application forms, please contact: Kristen J. Gremillion, Department of Anthropology/OSU, 244 Lord Hall, 123 West 17th Ave., Columbus, OH 43210-1364.

Announcement and Call for Participation in a Public Education "Kentucky Archaeology" Booklet

At the February KyOPA Board meeting, we brainstormed on what could be done to implement the lofty goals of KyOPA as outlined in the mission statement. One attempt is the formation of the Education Outreach Committee (current members: Kelli Garman, Gwynn Henderson, Mary Powell -- anyone else interested?). With this committee, we plan to pull together a booklet on Kentucky archaeology (title to be determined) for the general public.

The committee has met once, and has drafted a tentative Table of Contents for the booklet. The booklet brings together in one publication many already existing pamphlets, brochures, handouts, etc. from Kentucky, as well as from other states (do you have any material that might be good to include?).

In addition to the already existing material, we will need to write some of the text from scratch, which is where KyOPA members come in. We would like to highlight recent archaeological work done in Kentucky --including cave archaeology, pioneer forts, historic cemeteries, rockshelter excavations, etc. To this end, we are looking for submissions of very short (one brief paragraph), public oriented descriptions of recent work, and photographs. Please get the material (text, photographs, other already existing publications) or comments on the proposed Table of Contents to any committee member by May 3. We are hoping to have a final, annotated Table of Contents ready to present at the fall KyOPA meeting, along with publication and potential sponsor information.

Tentative Table of Contents:

- I. Kentucky Prehistory
- II. Kentucky History
- III. What is Archaeology?
- IV. Great Sites/Studies of Kentucky (this is where contributions are most needed)
- V. Being a Responsible Collector (including a "shoebox collection strategy")
- VI. Archaeology and the Law
- VII. Great Myths of Kentucky Archaeology (including an initial True/False quiz)
- VIII. Commonly asked questions about Kentucky Archaeology
- IX. Further Reading
- X. Contact Organizations/People.

University of Kentucky Field School

Dates: June 6-August 1, 1996.
Instructors: Dr. Richard W. Jefferies; Dr. Kim A. McBride; Leon Lane, MA. Enrollment: 6 credits, ANT 585, Field Laboratory in Archaeological Research. Fees: Undergraduate, Resident--\$606, Non-Resident--\$1734; Graduate, Resident--\$864, Non-Resident--\$2520. Housing: University housing is available. Transportation: Provided from Lexington. Application Deadline: May 1, 1996.

The 1996 field school will focus on two prehistoric sites (Wolfe Shelter, Croley-Evans) on the Upper Cumberland River in southern Kentucky, as well as continuing research at the historic Shaker community, Pleasant Hill. The Wolfe Shelter is a stratified rockshelter (late Paleoindian-Historic) located in the dissected karst of south-central Kentucky. Research at the Wolfe Shelter is an interdisciplinary project focused primarily on the earliest cultural deposits. The goal of this research is to document how early inhabitants adapted to changing local and regional environmental conditions during the Late Pleistocene and Early Holocene.

Research at the Croley-Evans site will continue the research project started in 1992 to investigate the development of Mississippian society in this rugged section of the Cumberland Plateau. Field work conducted in 1993 and 1994 indicates that mound construction was initiated by ca. A.D. 1050 and that intensive habitation of the site dates to ca. A.D. 1200-1400. The 1996 investigations will emphasize the recovery of additional subsistence data and exposure of a habitation structure. Additional survey of the Upper Cumberland region will also be continued.

The field school will continue its research at Shakertown, conducting additional testing to locate building remains and to document additional activity areas in this important 19th century communal settlement. The 1996 field season represents the seventh consecutive year of field school research at Shakertown.

During the eight week session, students will receive training in all aspects of archaeological survey, excavation, and basic laboratory procedures, and will conduct special artifact identification and analysis projects. For more information or application forms, contact: Dr. Richard W. Jefferies, Department of Anthropology, 211 Lafferty Hall, University of Kentucky, Lexington, Kentucky 40505-0024, phone (606) 257-2860.

Tax Time Reminder

Because KyOPA is a 501(c)(3) corporation, donations to KyOPA are tax-deductible. The 501(c)(3) status also means that KyOPA cannot lobby, although KyOPA can educate its members about legislative issues relevant to archaeology, historic preservation, etc.

Notes from the Editor
by Pamela A. Schenian

As decided at the January 1996 annual meeting, the KyOPA newsletter is guaranteed to be issued in April and November. Special issues may be put out in between if there are sufficient or urgent enough submissions. The next KyOPA newsletter will be issued on or shortly after November 1, 1996, unless an interim issue is needed.

Nothing to do with Kentucky archaeology, but the Louisville Zoo added three kinds of lemurs to its exhibit last summer and is preparing for the arrival of orangutans and siamangs. The Woolly monkeys had three babies last fall, and as of my last visit in January, it looked like some were due this spring. The zoo also has two kinds of tamarins. Be a primate pal, and visit.
